HOUSING

The housing committee had a meeting January 21st. I would like to welcome Rita aboard. She will be part of the housing committee.

Rita and I will be working on revising the terms of reference and housing policy. I will keep you update. The arrears still are a challenge, however, I would like to thank those individuals who continuously make the effort to pay on the arrears.

Congratulations to those of you who have completed your housing obligations. The paperwork is in progress to have the transfer completed ASAP.
